

Although Townsend Leather is best known for producing leather for the aerospace industry, Townsend Leather can also be found in other numerous other industries, including other transportation markets.

In this edition of our BiMonthly Bulletin, we take a look at a recent interior design in a high-end motorcoach featuring Townsend Leather.

WHAT'S NEW ON THE BLOG...

Townsend Leather was recently honored to be chosen as a Top Work Place of the greater Albany Area.

ONE IF BY LAND ...
TOWNSEND LEATHER HITS THE ROAD

TOPIC: APPLICATION EXPOSÉ

Having tools, resources, and knowledge makes any job easier and we know leather characteristics can sometimes be tricky to make sense of. We hope these periodic Bulletins provide you with a bit of useful info you can put to use when proposing leather to your clients. This edition provides a small showcase of a project successfully utilizing Townsend Leather in its design.

After reading, let us know if you have any more questions or if there are any leather-related topics you want us to cover in the future by contacting a Townsend Leather Partner directly or by emailing us at info@townsendleather.com.

Marathon Coach has very exacting customers who have strong opinions about what they want. Through their tireless work and very high design standards Marathon never ceases to please them.

Marathon Coach recently completed a custom designed coach that has not

only satisfied the customer but has also attracted the attention of many other onlookers and now-want-to-be-customers!

This particular coach had a specific color scheme in mind, but the designer represented it through a variety of materials and textures.

Custom woodworking and tile pull the design together and draw your eye across the full luxurious cabin interior. You can't help but look across the coach and be impressed with the warmth and beauty and then you are naturally drawn to the finer details that have been skillfully hand-picked, like the analogously colored gold faucet and the hidden light fixtures.

The design heavily uses custom Townsend leathers to great success, in a variety of places:

Leathers Used in Coach #1217

Cockpit:

Brushed Metallic Cowhide Cordial Cognac BM-3266

Pilot & Co-Pilot Seats:

Frame: Timepiece Cowhide Hazelnut TI-3095

Insert: Shimmering Suede Chameleon Caramel SHS-CHA-7995

Salon Furniture:

Timepiece Cowhide Hazelnut #TI-3095

Whether it's leather for a motorcoach, cruiseship, yacht, or jet, or for a home, office, hotel, or casino, Townsend Leather takes great pride in working directly with the world's most talented interior designers and seeing through these projects successfully through completion.

This is just the sneak peak, see our Designer Showcase for all the photos and info, www.townsendleather.com/designer_showcase/marathon-coach-1217.
