HERRINGBONE (HE)

Gaufrage Pattern Direction

Pattern is not to scale - for direction on center cut only.

Please note, that because each hide is unique and hides vary in shape and size, there will be slight differences in exactly where the gaufrage pattern falls on each hide. This diagram is intended to provide a general representation of the pattern direction.

Pattern Repeat

The above layout is to show scale and pattern repeat. A pattern repeat refers to the amount of space from where a pattern begins and then begins again. This repeat can occur both on the vertical and horizontal plane. In the top 18"X18" box, we have included additional internal measurements so you can better understand the pattern repeat of the design shown, both vertically and horizontally.
