

LEARNING AWARD

TYLER SALTSMAN

The Learning Award is given to a partner who has an openness to new experiences, experiments, and ideas with willingness to embrace failure, try again, and spread knowledge.

Tyler has demonstrated his desire to learn in mastering many of the elements of finishing before his 5th anniversary! In his 6th year, he stepped up to our growth by taking a leadership role, learning to operate the lines at night, make his own colors, and lead his team in running and maintaining the line. He is an avid, enthusiastic learner and teacher, and makes an outstanding example and first ambassador for the value of Learning!
