

SUPERHERO

AWARD

MEGAN VANNOSTRAND

Superhero is awarded to a Partner that maintained an unwavering faith in the company's ability to achieve. A passion for Townsend's mission and values and a sense of ease at spreading that passion to others.

With Eli helping Jared and Eric with customer inspections, leading huddles, and helping shipping - someone would need to put their cape on and step up to cover him. Megan VanNostrand became everyone's new favorite hero this year working with the color match team, doing colors herself as well, and working with customer service, she delighted in delighting everyone she worked with! The color match team, production team, and customer service team have all been so impressed and so appreciative for Megan's passion, hard work, and great communication she deserves our Superhero award this year!!
