

MARY WEBER

SUPERLATIVE WINNER

Stepping Up to challenges and change is something our partners do every day! The annual Stepped Up award celebrates a partner who really had a year-long change and challenge and their ability to rise to the occasion impacted many around them in our work and interactions, leaving an indelible mark.

Mary Weber was not only the one constant partner in Accounting through the year, she was also the only constant in the company through the year! Even through our close she worked to process payroll and make sure everyone was taken care of in our greatest time of need and worry. This was never a question for her, she was and has always been all in throughout her 10 years with us! In fact, when we had a snow day - Jared had to email her specifically to say - "This means you too!"

Throughout the last year and a half, she had no quarantine time, payroll being processed correctly and as usual during our close, making sure our payables are in order and she was a big help with the PPP funding process. We are lucky to have Mary on our team with her heart, many years of payroll experience and accounting knowledge She is very conscientious and completes her work well within deadlines. Mary assures all her work is complete prior to taking her time off.

Mary, we love your heart, quirky soul, and your kick ass work ethic and commitment to all of us! Thank you for being so good to us!
