STINGRAY SERENADE COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Stingray Serenade Cowhide is aniline-dyed, Finished cowhide that has been embossed with a small, stingray embossing and then Hand-Tipped with a pearlescent metallic finish to highlight the stingray pattern.

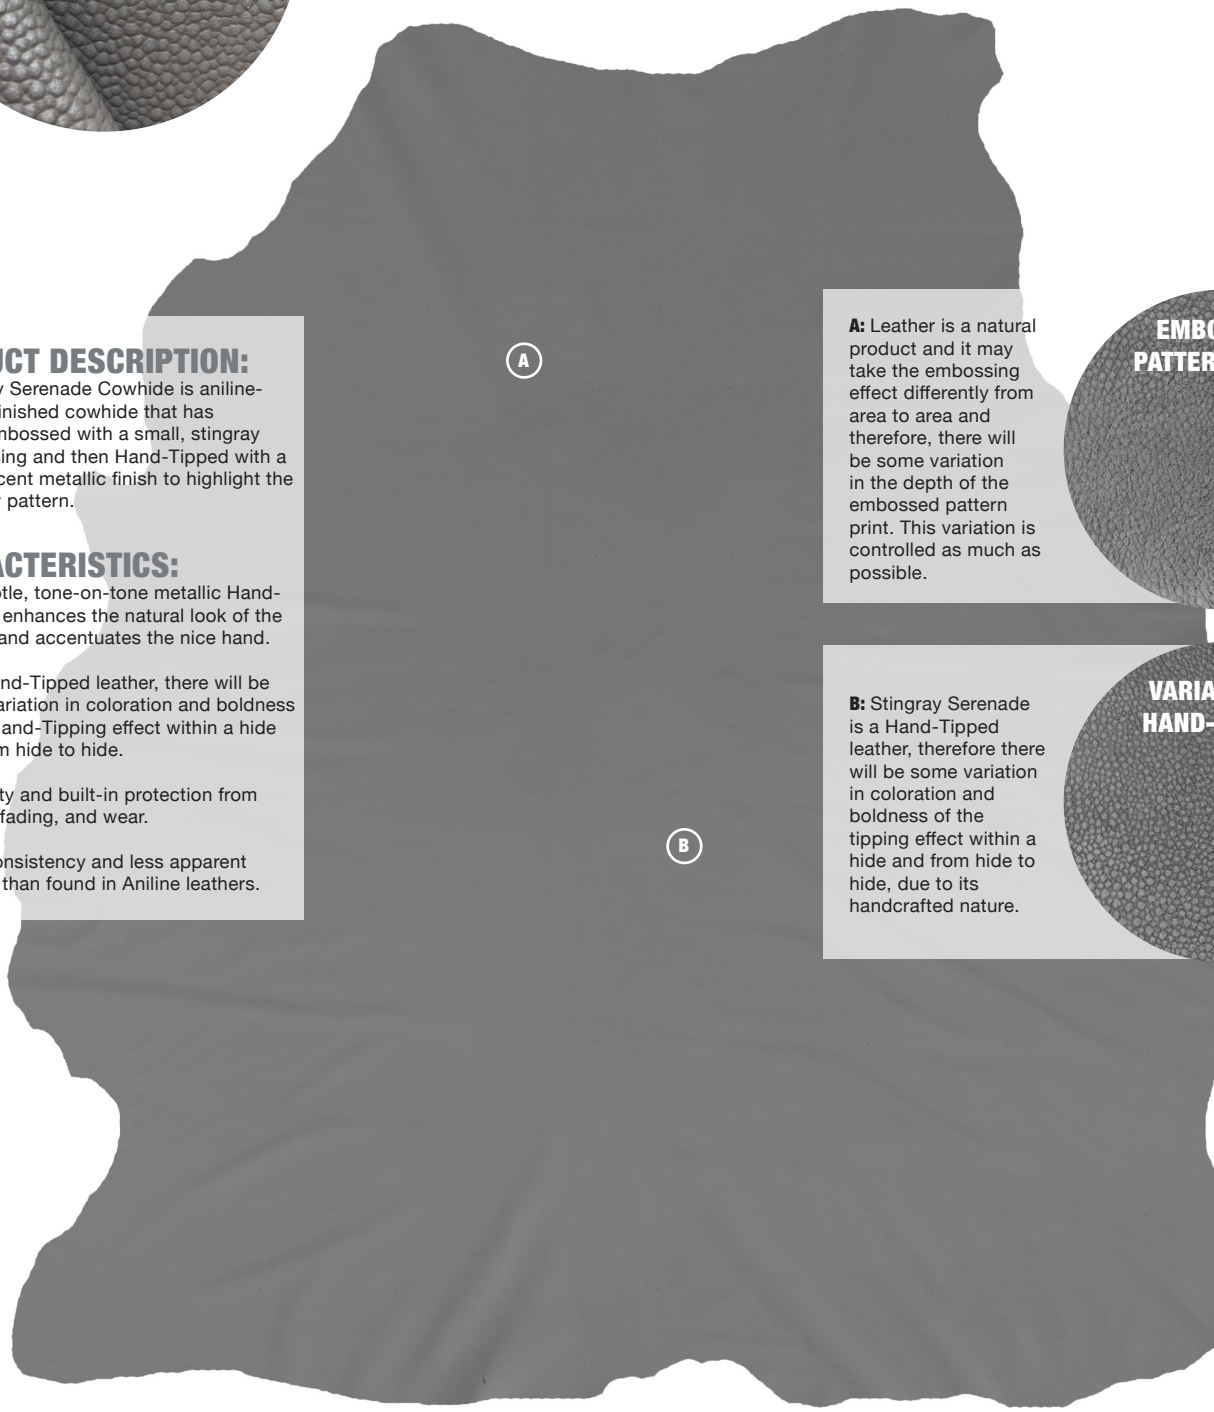
CHARACTERISTICS:

The subtle, tone-on-tone metallic Hand-Tipping enhances the natural look of the leather and accentuates the nice hand.

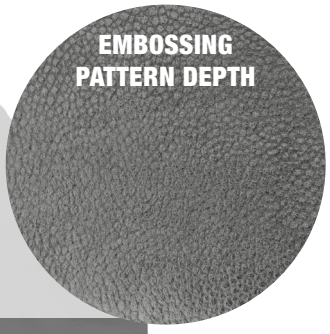
As a Hand-Tipped leather, there will be some variation in coloration and boldness of the Hand-Tipping effect within a hide and from hide to hide.

Durability and built-in protection from soiling, fading, and wear.

More consistency and less apparent defects than found in Aniline leathers.



A: Leather is a natural product and it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.



B: Stingray Serenade is a Hand-Tipped leather, therefore there will be some variation in coloration and boldness of the tipping effect within a hide and from hide to hide, due to its handcrafted nature.
