

TORO HAIR-ON COWHIDE

PRODUCT CHARACTERISTIC SHEET

PRODUCT DESCRIPTION:

Toro is a large, fine quality hair-on cowhide that has been aniline-dyed in Italy. Toro is offered in a mixture of traditional and fashion-forward colors. Whether used as upholstery for a chair or an ottoman, as a decorative rug or throw, or on pillows or other accessories, these beautiful hair-on hides provide a cutting-edge, contemporary element for the most stylish interior projects.

CHARACTERISTICS:

Because of the nature of the leather, there will be some variations in color, tone, hair length and texture from hide to hide and within a hide.

FAT WRINKLES

A: Permanent natural creases on the hide caused by fat deposits in the live animal usually found in the neck, shoulder, and belly area.

COLOR VARIATION

B: With no surface pigments; there will be natural color shading within a hide and from hide to hide.

VARIATION IN HAIR LENGTH

C: Natural variation in hair length throughout the hide and from hide to hide.

VEINS

D: Characterized by many clearly visible blood vessels, either closed or cut open by splitting or shaving operations.
