

**JILL SANTIAGO**

**SUPERLATIVE WINNER**

Not only was Jill Santiago celebrated for her longevity of 15 years, but she also was awarded with this year's Louise Kucel Diligence Award!

In honor of Louise Kucel, this legacy award represents a person with true passion, grit, dedication, loyalty, attention to detail, and good decision making.

Anyone who works with Jill can see these traits but here are some of my favorite highlights from the past year:

- Jill has returned to work more than a few times at night to make sure shipments are picked up, has correct paperwork and shipped.
- Jill worked hard to figure out better ways to ship our hides when all transportation companies decide they no longer have time to care for how our boxes get thrown around.
- Jill handles the pressure of needing to hit big shipping numbers and rally's the team together / makes it fun / and nails it when needed the most.
- Jill is passionate about making changes for the better good of the company even though her last 10 ideas were ignored or shot down.
- Jill checks in on you and sees how you're doing because she misses you and cares about you.

Congratulations for not giving up, giving in, and making us and Louise proud of the legacy you are now carrying on and expanding on to make it even better than she/we could ever imagine.

**LOUISE KUCEL  
DILIGENCE**

**About This  
Superlative Award**

Diligence is having or showing care and conscientiousness for one's work and duties. It is also defined as being careful & preserving in carrying out one's tasks. This award encompasses the work of Louise Kucel that we value and so deeply miss. We honor her and those who follow her footsteps in demonstrating hard work, care for quality of work, care for people, being dedicated partner, detailed oriented, resourceful, precise in their work, and Get Shit Done attitude.
