

LUKE DAVIS

SUPERLATIVE WINNER

Luke truly deserves this award this year, one of the toughest and most challenging years in his career at Townsend. Some of the many reasons why: planned things like new machinery set ups, so many moves to existing machinery, relocations and renovations, unplanned for machinery breakdowns such as the stakers and cutting machine, issues behind B3, losing maintenance Partners, new maintenance Partners added and brought onto the team. You name it, Luke had his work more than cut out for him this year and had to do more with less people. He often sacrificed personal time, even coming in on days he was supposed to take off, to keep things moving and operating.

Luke went over and above even his normal high standards of working hard and admits there were several rough patches for him and his team this year. He never ever gave up, just dug in harder, and saved the day, week, or month by making things happen time and again.

Sarah Eckler likes this quote from Luke in a message exchange she had earlier this year and it sums up perfectly his pursuit of excellence in all he does and his truly unparalleled work ethic: “the world runs on sweat and determination, not good efforts and trying.”

Luke went way beyond trying, he showed admirable resilience in the face of endless difficulties and ever-growing to do lists. We could not do what we do without him as our backbone to making Townsend run and he is a Superhero in the truest sense to myself and all of us on the regular, but especially this year!

Thank you, Luke, for sticking with it all through this year and performing so many acts of mental and physical strength!

SUPERHERO
AWARD

About This Superlative Award

This is awarded to a Partner that maintained an unwavering faith in the company's ability to achieve. A passion for Townsend's mission and values and a sense of ease at spreading that passion to others.
