

SIERRA VINING

SUPERLATIVE WINNER

Sierra impressed us all early on with her curiosity and obvious passion for growth. She has demonstrated a true interest in learning by asking the how and why of everything she can. Her passion has led her to not only excel in the QC lab, but train with Anthony on audits. She took the reins on this year's AS9100 training class. Very impressive!

We got to know Sierra on a more personal level during Ted Talks and experienced her expressive, fun nature at the International Women's Day event. We'll never forget her improv performance with James Byers, proving you are guaranteed to laugh around this one!

Anthony deemed Sierra "the best addition to the Quality team made in the past year". She is not afraid to tackle new things and in fact, seems fueled by it. This cross-training queen has spent time in Samples, Embossing, Tipping, Set Out, Finish Stock, and more! She also loves to help others learn about her job by posting videos and explanations on Workplace and answering questions.

*"I love to see you glow and grow! You have shown me and others your drive, intelligence, and the curiosity to ask a lot of questions and get to the why of everything. Keep at that and your potential is unlimited!" - Jared Eckler*

LEARNING AWARD

About This Superlative

The Learning Award is given to a partner who has an openness to new experiences, experiments, and ideas with willingness to embrace failure, try again, and spread knowledge.
