

MONICA CAREY

SUPERLATIVE WINNER

In honor of Louise Kucel, this legacy award represents a person with true passion, grit, dedication, loyalty, attention to detail, and good decision making.

Congratulations to our new Diligence ambassador, Monica Carey! Our Legacy awards are very special as they capture the essence of a partner that taught us, set the example, were the name, face, and physical embodiment, and inspire us today to carry on their legacy in the form of a value named after them. Louise's award carries an extra profoundness to many of us since she passed away nearly 4 years ago this August 6th. Monica was touched and moved by the honor and many of us were emotional talking about Louise's example and how perfectly Monica has fulfilled it this past year.

Diligence is doing things right, being detail oriented, conscientious & self motivated to get shit done. Coming from customer service, just like Louise, Monica knows the importance of shipping to that team and she works hard to take care of our team. She came in over shutdown to get the Lufthansa shipment picked up that didn't get picked up the Friday before our close. She knew we couldn't have those hides sitting in boxes all week with the humidity and she was all over it just like the daily ship list. The speed and accuracy to which she learned how to do Bombardier orders impressed us all, as well as her great determination, work ethic, and focus!

"Congratulations Monica! It was a special moment to see you receive this award and to hear the votes written for you. Your desire to help make things easier for those around you so they can have more balance in their lives has had an immeasurable impact. Thank you for everything you do and for who you are." - Rebecca Danelorich

**LOUISE KUCEL
DILIGENCE**

About This Superlative

Diligence is having or showing care and conscientiousness for one's work and duties. It is also defined as being careful & preserving in carrying out one's tasks. This award encompasses the work of Louise Kucel that we value and so deeply miss. We honor her and those who follow her footsteps in demonstrating hard work, care for quality of work, care for people, being dedicated partner, detailed oriented, resourceful, precise in their work, and Get Shit Done attitude.
