

CHUCK CANNIZZO

2023 SUPERLATIVE WINNER

He is not one for a lot of fanfare or photos, but so proud of this guy for being awarded for 2023's Ownership Award!! Congratulations Chuckie Cannizzo for being nominated by your partners with the highest number of votes.

Chuck handles well over 100 inquiries/jobs a year from calls or walk-ins in our small upholstery shop at the Stitch. Chuck not only performs his own customer service and sales, but manages his own inventory, part-time assistant, schedule, quality criteria, and pricing. Working directly with the public is never an easy thing but Chuck does it with ease and grace. I've never heard one complaint about his service or work; only praise for his communication, timeliness, kindness, and quality craftsmanship. The business operates itself from word of mouth and not by publicity or advertisement. That says a lot! Those that have worked with him consider him a local celebrity because of the beautiful pieces he creates or brings back to life. Chuck is also a master problem solver. He assists in so many ways - from customer service needs to trade show furniture pieces to repairs & supplies for the building.

We are tremendously proud that someone who's worked here for 42 years+ is still owning his job & kicking ass at it! Congratulations Chuck! We are so grateful for all you do!

About This

Superlative Award

Ownership is a higher form of accountability - way more than just doing your job - this is all about going above and beyond in meeting any issue, opportunity, and or challenge aplomb. Taking ownership has little to do with us as individuals, and everything with doing what will ensure the success and fulfillment of all partners and the company.
