

## JAMES EMRICK-WILSON

### SUPERLATIVE WINNER

Congratulations to James Emrick-Wilson on earning the win this week for our new ambassador of Caring! This award is given annually in Cheryl Brothers (pictured with James here) name to honor her legacy over 30 years at Townsend of showing our people and our work equal and enormous care! In under 3 years at Townsend, James has impressed us all so much with his empathy, compassion, support for others across the company in listening, cheering on others in person, by email, on all our social and work media formats, and participating in all volunteer efforts at Townsend! This on top of being an incredibly passionate hard worker in selecting and allocating raw material as well as helping and training in our Final Inspection department, he takes his work and his fellow partners to heart. We are so lucky to have him and so proud of him earning this award!

“James Emrick-Wilson - very empathetic Partner, always cheering on others for their successes or to provide support, truly interested in the lives and well-being of others while also caring about the work and his growth and learning in doing more to add more value to Sorting Team, huge caring and giving heart in any fundraisers, big cheerleader for all of Townsend and enthusiastic with themes and events; he cares about his Partners as people and as his work family and brings such positive vibes too all he does and to others.”

### CHERYL BROTHERS AWARD

#### About This Superlative Award

For a Townsend Partner that fully represented the personal care, the heart, and the drive for others that is symbolized by Cheryl Brothers.

Cheryl's lasting legacy is her “God-motherly” sense of care for everyone. She went out of her way to ensure others were cared for, thought of, or heard.
