Super smart, super hard working, leading our Cycle 3 production team she has her hands all over the final phases of our production and works so well to plan all our customers orders to be on time! We are so proud of and appreciative of all her efforts and care for our people and work! Bravo Rebecca! Thank you for all you do to make us shine!

“Rebecca Danelorich - great communicator, extremely dedicated, long hard hours, always pushing the team but with great support, worked hard to help develop others, multi-talented - from reports to hands-on help, she does it all - learned a lot about leading and put her heart into all she does; despite challenges, she stayed resilient and learned and grewed from all experiences; always there to help others with absolutely anything; she epitomizes all our values in one person on a daily basis”
