Grandeur unites luxury and style in an experience that's truly unparalleled and reflects the timeless sophistication that only the finest leather can provide.

CHARACTERISTICS:

The leather receives a pigmented finish then is hand-tipped to create a subtle two-tone coloration.

Because of the nature of this leather, there will be variations in color, tone, and texture; expect some variation in coloration and heaviness of the antique effect within a hide and from hide to hide. This is part of the inherent beauty of this hand-crafted and natural product.

A sample of Grandeur Cowhide is not necessarily representative of the overall coloration, effect, and characteristics of an entire hide.

FAT WRINKLES

A: Permanent natural creases on the hide caused by fat deposits in the live animal usually found in the neck, shoulder, and belly area.

VARIATION IN TIPPING

B: Grandeur Cowhide is a hand-tipped leather; there will be variation in coloration and boldness of tipping effect within a hide and from hide to hide.

SCARS

C: Healed wounds during life of animal which is characterized by raised surface and inconsistent grain.

EMBOSSING PATTERN DEPTH

D: Leather is a natural product, therefore it may take the embossing effect differently from area to area and therefore, there will be some variation in the depth of the embossed pattern print. This variation is controlled as much as possible.
