LEATHER

PASSION, BEAUTY, & DESIGN

For us, leather is a life passion.

We passionately love what we do, who we do it with, and who we do it for. So, we share the joy and delight of a project come together as much as our customers.

Which is why we are putting a spotlight here on some stunning designs, incredible concepts, and breathtaking projects.

Townsend Leather is the manufacturer and as such, we are hand-crafting leather to designers' exacting dreams, with the highest of quality, and with hundreds of hands touching each hide and order. When we get to see our work spreading joy and beauty out in the world, we stop and celebrate.

Let this book inspire you, take a moment to daydream, live a life of leather luxury and design your next masterpiece. And when you are ready to turn that dream into a reality, contact us at info@townsendleather.com to connect with a rep, order samples, or just talk leather.

With over 55 years of crafting leather behind us and a bright future in front of us, we have an overflowing plethora of photos and projects we have been proudly part of. This selection here represents just a few of my personal favorites. If you have some favorite Townsend projects or photos to share with me, I am always on the hunt for more. Send them to me at: oliviae@townsendleather.com.

I hope this collection of beauty brings you as much design joy and inspiration as it does me.

Architecture & Design

Private residences, hospitality centers, hotels, restaurants, casinos, corporate and retail applications... Functional environments or the purely decorative, leather enhances any design.

Our design-driven philosophy helps us expand all the ways leather can be used. From furniture to wall and floor coverings, from seating to one-of-a-kind showpieces, we can engineer our products to fit any project theme, specification or budget. Subtle or bold, **Townsend creates it all in partnership with you.**

Aviation

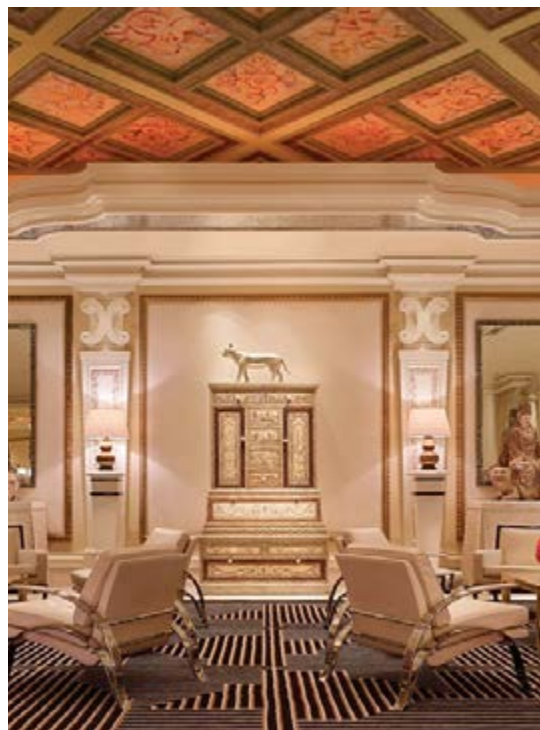

For business or private aircraft designers seeking to take their interior designs to new heights, leather has no equal.

A lasting, high-performance upholstery material, leather is the sustainable choice, pays for itself over time, and is more than able to meet the demands of the aviation industry. Not only is our leather durable and luxurious, but it is also able to be customized for each interior design. It can be enhanced with hand-rubs, shimmering foils, embossed patterns, and more. **With Townsend Leather, you can let your imagination fly.**
