

Congratulations to our new Grit ambassador, Megan Kucel!! The growth in our Quilting business has so much to do with the weight Megan carried on her shoulders last year. From doing much of the artwork and samples, to running and problem solving the original quilting machine, and the purchase and installation of the new one, to investing time in training, to establish quality and efficiency standards, to pitching and presenting new product internally and externally, to being the face of Quilting, it starts and stops with Megan. Grit is Passion and Perseverance, and she is Grit personified. There were many challenges in the growth here, and she just keep rising above them! Your enthusiasm and drive Megan is so seen and appreciated! Thank you for all you do!!

SUPERLATIVE WINNER

MEGAN KUCCEL

The Grit Award is awarded to Partners that have the passion and determination to stay focused on the goals at hand, even when difficulties to get in the way. Resilience and passion are cornerstones of these Partners.
